

MATH QUIZ

AIM:

Ignite mathematical passion and teamwork in undergraduate and graduate students through our Mathematics Quiz! Join us for an intellectually stimulating journey that tests your mathematical acumen, teamwork, and quick thinking.

GENERAL GUIDELINE:

This challenging competition features two captivating sections - Preliminary and Mains.

ELIGIBILITY:

- a) Undergraduate and graduate students with a background in mathematics or related field.
 - b) Only one team of 3 members per college is allowed.
-

GUIDELINES AND RULES FOR PRELIMINARY ROUND:

- a) The questions will be presented on a screen for a fixed amount of time before moving on to the next question.
 - b) Once a question has moved on from the screen, it shall not appear again on the screen.
 - c) Once all the questions have been presented the teams will submit their answers within an allotted time.
 - d) Method of submission will be discussed by the coordinators present during the event.
 - e) Top-scoring teams qualify for the mains.
 - f) Electronic devices, including calculators and smartphones, are prohibited during the quiz. Violation may result in disqualification of that team from the event.
-

GUIDELINES AND RULES FOR MAINS:

Section A - Buzzer Beater:

- a) Fast-paced round where teams have to buzz in to answer questions.
- b) Correct answers earn points, while incorrect answers may result in deductions.
- c) Top three teams advance to Section B.

Section B - Rapid Fire:

- a) A quick-fire round among the top three teams.
- b) Teams respond promptly to a series of questions.
- c) Points awarded for correct answers, no deductions for incorrect responses.

Note:- Honesty and integrity are paramount. Any form of cheating or plagiarism will lead to disqualification.
