

MATH QUIZ

AIM:

To promote problem-solving, instant critical thinking and competitive skills using combined team effort.

GENERAL GUIDELINE:

The main event is divided into two sub-rounds: Preliminary and Elimination. There will be three different categories, Class 6-8,9-10 and 11-12. Each category will compete among themselves.

ELIGIBILITY:

- Any student in the secondary or higher secondary with an interest in Mathematics.
 - For each category one team (with three members) per school is allowed.
-

GUIDELINES FOR PRELIMINARY ROUND:

- In this round, there will be 15 questions in total.
 - It may consist of MCQ, MSQ, NAT type questions.
-

GUIDELINES FOR ELIMINATION ROUND:

- It will be a buzzer round.
- We shall show questions on the projector, and give some time to think or calculate. The student has to respond by pressing the buzzer after some certain time.

Further guidelines and rules will be provided at the time of the event including the marking scheme.
